

## Plants Grow Children

Dear Teacher,

Thank you for inviting our WSU Extension Master Gardeners into your classroom. They are always eager to share their knowledge and enthusiasm about plants and gardening with your students. We hope that the students had a worthwhile learning experience and some fun.

We would appreciate your help in evaluating our classes and the Master Gardeners' performance. Please take several minutes to fill out our evaluation form. We know this is a busy time of year for you, so we have tried to make the form very brief. We also need some affirmative action data for our state and federal reporting. When completed, you may give it to the Master Gardener in your class today or mail it to us at the Extension office. The address is on the evaluation form.

We appreciate you welcoming us into your classroom. Thank you.

Sincerely,
